Established 30 years ago, M&T Displays has been organized with the commitment to catch the unrivalled standards in products and service of Point of Sale and Display world. In total of 30,000 sq meter factory area, we present 21 different products groups, and over 6000 articles; all designed, moulded and manufactured in plant. From design to manufacturing, we continue to invest in new technologies while upgrading our carpabilities. Passing years has made no changes on our M&T values which are;

• Universal business ethics,
• Reliability,
• Innovation,
• Pursuit of excellence.
• Caring customer service for maximum satisfaction.

The success of our firm generates from well organized skilled professionals, investment in equipment and manpower, with a flexible production which fully carries out the needs of our dealers. Those combined with our principle act & respond on the same day, superlative quality and long years experience in providing effective solutions, bring up the desirable results for outdoor and indoor displays.

The relationship with our clients based on providing outstanding levels of service, communication and confidence, has created the M&T Displays' reputation which we are aware of its serious responsibility.

We again point out that Our displays systems offer you solutions today for your communication needs in future.

ICT Certify Test ve Belgelendirme LTD. ŞTİ. Şirket Müdürü
Director of ICT Certify Test and Certifications

ISO 9001:2015 / ISO 27001 Certification

We gained the quality certificate, ISO 9001:2015, which is the best guarantee that our services meet the highest requirements.

Being first in our business does not come easily. It is earned by understanding our customers and by consistently providing the products and services that meet or exceed the expectations. As our business continues to evolve, we recognize that our customers' expectations of quality will only become higher.

At M&T, we are committed to meeting our customers expectations for the quality of the products and services that we provide. We personally affirm this commitment. However, this quality objective can be achieved only if everyone in our organization is involved. Therefore, a quality system has been established at M&T, which involves every employee.

In autumn 2008 TÜV Turkey certified M&T with ISO 9001:2008, which confirms that M&T's quality management system responsible for controlling the planning, implementation and maintenance of contact centers and software developments meets international requirements. The certificate will be supervised every year.

What the certificate means:

The process of gaining the ISO certificate involves satisfaction of very strict criteria and passing of complex exams. Certification focuses especially on the standards of provided services, internal processes, approach to customers, manipulation with goods and others.

This quality system gives our employees a systematic method for continuous improvement by establishing a reliable way to take actions toward improving products and services.

Dispenser bottle has spring loaded locking system to prevent foreign access. It is easy to access for clearing or refiling the gel or liquid by the shop or maintenance staff. Lever stays open for easy access during change of bottle. Pump is placed into the nest under the lever to avoid pump moving around. Pump nuzzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/gel. Drip tray included, inserts into the holder with a basic locking system to prevent loosing. Simple assembly required. Installation can be undertaken by any member of staff without specialist tools or know-how. Recommended for express courier shipping as single unit. Sanitizer gel or alcohol is not included.
6 · Q BELT

Watch video

17 DESKTOP DISPENSER VOL 2

Silver anodised aluminium profile 51x25 mm

Elbow push lever

Good for approximately 1000 times use

Spring loaded lock

Durable ABS

Refillable dispenser

Mobile drip tray

Heavy steel base is 150x200 mm

Double sided tape use

Soft feet use (bumpon)

Desktop Dispenser is a good solution for countertop hand sanitising needs. It offers hand washing facilities around your business to help protect staff and customers from the spread of infection. It is supplied with a refillable 1l bottle and pump top mechanism to provide quick and easy access to disinfection.

Made of shutter-proof ABS, Dispenser is fixed on anodised aluminium (51x25 mm). The heavy steel base is 150x200 mm and provides stability to the stand. To avoid scratches on the counter, the steel base has soft feet. It is designed for use in counter standing form without the need for any permanent fixing.

Dispenser bottle has spring loaded locking system to prevent foreign access.

Lever stays open for easy access during change of bottle. Pump is placed into the nest under the lever to avoid pump moving around. Pump nuzzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/gel.

Drip tray included with Desktop Dispenser, inserts into the holder with a basic locking system to prevent loosing.

The use of a Desktop Dispenser alcohol / gel holder means that there is no need for access to water or paper towels to maintain effective hand hygiene.

22 WINDPRO WITH LED

Watch video   Watch video

The patent-protected double-sided Illuminated WindPro with LED is an innovative and eye-catching pavement sign designed for outdoor use. Its heavy waterbase with built-in wheels provides stability, while the LiFePO4 battery, hidden in a lockable compartment, ensures high power with low weight. Energy-saving and bright modes can be selected easily via switch. UV-protected polycarbonate covers and the weatherproof non-snap frame with 12 locks keep the poster safe under harsh conditions. Chrome-coated zamak corners and metallic grey finish offer a sleek appearance. Visuals are installed simply by sliding them upward into the metal poster clips.

Magnetic PET cover

Base weight 5,100 kg

Good for approximately 700.000 times use

Foot pedal

The foot-operated Touchless Dispenser Stand provides quick and hygienic access to hand disinfection with its 1L refillable bottle and pump mechanism. The 70 mm galvanized, powder-coated steel foot pedal offers smooth operation and durability. The spring-loaded locking system prevents unauthorized access, while the lever design allows easy bottle replacement and refilling. A drip tray with basic lock prevents loss, and the magnetic surface is suitable for direct print or stickers. Designed for outdoor use, the unit is flat-packed in two boxes for economical shipping.

Sanitizing Dispenser , Box Dispenser, Pump Dispenser and Brochure Holder are ordered separately.

Stackable separator

It is non-yellowing, lightweight and highly impact-resistant. For added durability, our translucent wall panels are fixed to the anodized extruded aluminum channels with a silicone wick. The transparent barrier allows communication to continue on either side of the partition as well. If there are multiple patients at reception, the Clear Dividers can act as a sneeze guard and also a form of crowd control between people. Since these dividers are freestanding and portable, they can easily be moved to different areas of the facility as needed. They are stackable, taking less space when not used. Rolls on leveling casters optional or can be fixed on ground by using the holes on the feet. Panel Material: Durable 1mm clear PET, fire rated B2 (DIN EN ISO 11925-2 & DIN EN 13823. Easy to clean. Clean with substances that contain alcohol. Simple assembly in few minutes by single person. Installation can be undertaken by any member of staff without specialist tools or know-how.

Easy to carry

Outdoor Sign as Hand Sanitizer Station offers a perfect hand hygiene option for schools, parks, playgrounds, outdoor festivals, job sites, and high traffic locations where water is not available.

It safeguards food for grocery stores, farmers markets and outdoor food vendors. It features a comprehensive, user-friendly cleaning process - Pull, Push, Wipe, Sanitize and trash for disposal - promoting good hygiene habits, a healthy environment and all around germ protection.

Outdoor suitable pre-coated and powder-coated pole to post additional dispensers, box holding brackets and trash bag holder. Weight of the pole, base and A3 frame is 12 kg in total.

Heavy and durable, roll on wheels base, raised from the floor with a hand pull hole on it. Weight of the base is 6 kg. Base is made of 4 mm steel in size of 40 x 45 cm. Base is heavy for stability and has 2 wheels for ease of mobility.

Durable, textured powder coating suitable for outdoor conditions, resistant to scratches.

Waterproof Snap Frame A3, elbow push dispenser, Wipes Dispenser or Paper Towel Dispenser, mask and glove box dispenser can be added on the pole in the required match, sold separately. Waterproof Snap Frame A3 can be posted on landscape or portrait positions. Hanging Trash bag holder (holder is 0,45 kg) can be added, sold separately.

Simply use any outdoor plastic trash bag around the steel holder and tie at the end of the pole. Easy to detach and dispose. Max trash weight to carry on the holder is 8 kg.

59 WOOD WINDPRO
The Patent protected double sided Wood WindPro is made of beech wood. Its base is made of sturdy HDPE. Lacquered finish is applied on the frame for long term outdoor use. The chalk surface is suitable for chalk pen use and it is magnetic. You can add your advertisements and announcements with using magnetic PET cover, magnets or you can write on it. PET cover, magnets and writable surface allows you to change and organize your notes currently. Strong springs keep the product in balance under windy weather conditions. It is tested against wind up to 90kmh.
