

DESKTOP DISPENSERS VOL 2

- Desktop Dispenser is a good solution for countertop hand sanitising needs. It offers hand washing facilities around your business to help protect staff and customers from the spread of infection. It is supplied with a refillable 1l bottle and pump top mechanism to provide quick and easy access to disinfection.
- Made of shutter-proof ABS, Dispenser is fixed on anodised aluminium (51x25 mm). The heavy steel base is 150x200 mm and provides stability to the stand. To avoid scratches on the counter, the steel base has soft feet. It is designed for use in counter standing form without the need for any permanent fixing.
- Dispenser bottle has spring loaded locking system to prevent foreign access.
- Lever stays open for easy access during change of bottle. Pump is placed into the nest under the lever to avoid pump moving around. Pump nozzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/gel.
- Drip tray included with Desktop Dispenser, inserts into the holder with a basic locking system to prevent loosening.
- The use of a Desktop Dispenser alcohol / gel holder means that there is no need for access to water or paper towels to maintain effective hand hygiene.
- Packed as complete in 1 box. No assembly required
