

DOUBLE SIDED SLIDE-IN FRAME

SIMPLE TO USE BUT VERY EFFECTIVE IN APPLICATION

A Double Sided Slide-in Frame, made of quality aluminium, enables you to easily change your posters by sliding the graphics in&out. Anti reflective and transparent, PET cover sheets in the frame protects your poster from any sun and light effects. Plastic hooks are designed to hang the sign frame on the head of a screw or nail, on the wall or ceiling and suitable for outdoor conditions. These plastic clips are visible and mounted on the upper side of the frame. The poster is inserted only from one side by simply sliding the panels out and placing the posters. Once mounted, change of a poster does not require the frame to leave the wall, with this type of sliding frame, you can insert 2 rear - to - back posters.
