

Q ROPE FLAT TOP

ROPE TYPE PORTABLE AND FLAT-TOP CROWD CONTROL SYSTEM

Strong and high quality Q Rope is ready to use. It is constructed from sturdy, durable steel. 4-way pole provides flexibility for the use. Ideal in banks, hotels, receptions, retail shops and anywhere that required a crowd management system. Contemporary finish of the pole with knob-flat-top offers differentiation. Q Rope incorporate twisted design barrier rope, which looks high quality and professional. It features with rubberized base.

KEY SELECTION ATTRIBUTES

- * Highly durable steel Q Rope, crowd control system, equipped with a twisted design barrier rope.
- * Twisted rope looks high quality and professional.
- * Portable and easy to assemble and disassemble with ergonomic and contemporary design.

Storage Conditions

Goods should be stored at 0° to 25°C in a dry place. Store in the original package.

Installation Considerations

Q Ropes are packed unassembled in 2 boxes with an easy-to-understand instruction sheet & fixing elements. See info chart for pack sizes. Easy to assemble. One set includes a heavy steel Ø358 mm circle base with 6 kg weight; steel profile post with 900 mm height and a flat-top suitable for hooking twisted ropes on 4-ways; screw and spanner for installation. Twisted rope is not included in standard package, should be ordered separately. Sold as individual components. The heavy duty steel base with rubberized bottom provides stability.

Design Considerations

Highly durable steel Q Rope, crowd control system, equipped with a twisted rope. Twisted rope looks high quality and professional. Portable and easy to assemble and disassemble with ergonomic and contemporary design. 4-way pole provides flexibility to create optimum pedestrian flow in high traffic areas like airports, cinema halls, hotels, museums and more. Just unhook the rope from one station to connect to the other.

Cleaning and Disinfecting

Clean your displays, with damp microfiber clothes, rinsed with simply water or warm, soapy or gentle shampooed water. Avoid using vinegar, abrasive, acidic, alcohol-based or heavy cleaners or cleaners containing Ammonia. Only after cleaning the product, if needed, simply apply disinfectant or sanitizer that is in compliance with your local guidelines and regulations.
