

WATERBASE PAVEMENT SIGNS

FILLABLE SIDEWALK SIGNS, MADE OF DURABLE PLASTIC

Stable, heavy and enduring pavement sign. Suitable to set aside in parking areas, play grounds, shop entrances and busy pavement roads; especially for windy areas. Standard in metallic RAL 9006 color. By opening the plastic stoppers, you can pour in either water or sand to make the stand heavier.

KEY SELECTION ATTRIBUTES

- * Double-sided Pavement Signs with two durable plastic design options: Pyramid and A Board Models.
- * Pyramid Signs are composed of three parts made of (HDPE) durable plastic: (1) top with double-sided self-adhesive poster area and lifting handle, (2) body and (3) waterfillable base with plastic water cap for filling in with water or sand for keeping the system stable. When attaching the body and top part of Pyramid Sign, press firmly with force.
- * For A Board model, one set includes double sided (HDPE) durable plastic boards with self-adhesive poster areas on both sides with a plastic water cap on top for filling in with water or sand for keeping the system stable.
- * Suitable to set aside in parking areas, play grounds, shop entrances and busy pavement roads; especially for windy areas.
- * Pyramid Sign model is suitable for outdoor use with 336x387mm self-adhesive posters to stick-on both sides.
- * A Board Sign model is suitable for outdoor use with 325x570mm self-adhesive posters to stick-on both sides.
- * Easy to move and store with 5,5 kg product weight for Pyramid Sign model filled in with water. Maximum water capacity for Pyramid Sign is 4,5 liters.
- * Easy to move and store with 8,0 kg product weight for A Board Sign model filled in with water. Maximum water capacity for A Board Sign is 5,0 liters.
- * Standard in metallic RAL 9006 color and various RAL colors available upon request.
- * The product is packed unassembled. No tool assembly. Heavy base provides stability.
- * Printing area has a $\pm 1,5$ mm tolerances in size. Stickers are not included in the original box.

336x387mm self-adhesive posters to stick-on both sides. A Board Sign model is suitable for outdoor use with 325x570mm self-adhesive posters to stick-on both sides. Printing area has a $\pm 1,5$ mm tolerances in size. Stickers are not included in the original box. Easy to move and store with 5,5 kg product weight for Pyramit Sign model filled in with water. Maximum water capacity for Pyramid Sign is 4,5 liters. Easy to move and store with 8,0 kg product weight for A Board Sign model filled in with water. Maximum water capacity for A Board Sign is 5,0 liters.

Cleaning and Disinfecting

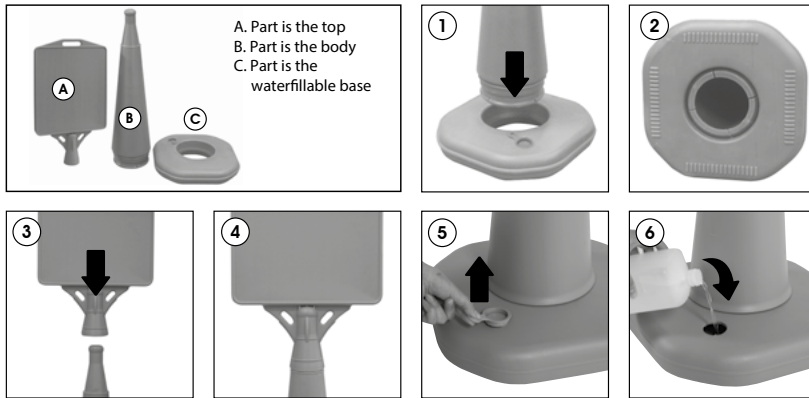

Clean your displays, with damp microfiber clothes, rinsed with simply water or warm, soapy or gentle shampooed water. Avoid using vinegar, abrasive, acidic, alcohol-based or heavy cleaners or cleaners containing Ammonia. Only after cleaning the product, if needed, simply apply disinfectant or sanitizer that is in compliance with your local guidelines and regulations.
