# WINDOW FRAME

## HARD-TO-OPEN FRAMES FOR WINDOW PRESENTATION OF YOUR POSTERS

The Window Frame system is available in 25 mm or 32 mm, hard-to-open, secure profiles. The Window Frames are designed for window mounted presentation of medium and small size posters from both inside and outside, for this purpose there is a surrounding strong double-sided tape at the back of each frame. The system includes decorative back profile to hide the double-sided adhesive tape which holds the frame to the window. Window Frames are easy to use only by opening the front profile. You just need to flip up all four sides and place the first plastic protective cover, then the first poster facing outside, the second poster is placed facing inside and lastly place the second plastic protective cover.

## KEY SELECTION ATTRIBUTES

* Available for indoor & outdoor usage
* Suitable for open-air use or highly frequented public areas.
* Ideal for medium-sized posters.
* Hard-to-open, secure profile.
* Natural silver-anodized and various RAL colors.
  available with antimicrobial powder coating.

* Standard mitred corners.
* Easy poster changing by "peel&stick" fixing.
* Double sided adhesive tape holds up the frame.
* Easy to change the poster by opening front profile.
* Suitable for both portrait and landscape positions.
* Anti-glare poster cover sheets.
