## Omni Frame is suitable for outdoor large format prints.

Omni Frame is a large format Outdoor Banner System, made from lightweight aluminium, ideal for use with PVC eyelet banners.

Omni Frame Banner System is used for large advertising areas which need to be changed regularly. Ideal for forecourts and retail environments, it is also a great accompaniment for marquees and race events.

Omni Frame is suitable for flat, large banners on buildings as well as mounting stand display for indoor and outdoor use. The variable lengths of aluminium profile give you the ability to install banners in individual size. Our banner holder are assembled quickly and easily, they are a real alternative to traditional billboards. These outdoor durable frames are permanently attached to the wall with the banner being attached using elasticated straps. These are perfect displays for forthcoming events, special offers or sales, theatres, garden centres, retail outlets, sports halls, sporting venues, conferences, airports and public areas.

Omni Frame has a smart design and all parts are robust, durable and reusable. The banner is easy to change. Customised sizes available, delivered parts unassembled.

### Presentation Box

Simply insert the buttons into the profile, can be replaced at anytime ,even after mounting. Banners need a hollow seam top and bottom and the sides must be eyeletted. Banner can be simply set by one person with no tools required. Several frames, units can be linked together for greater visual impact.
