

PRODUCT REVISION ANNOUNCEMENT

RELEASE DATE: 01/04/2025 - Document TT2026-0001*

This announcement contains revision of Stretch Frame Corner Component in Accessories Index of MT Displays webpage

Dear MT Displays Partners, Distributors and Other Interested Parties,

In order to improve the assembly efficiency and overall performance of Stretch Frame systems, the corner component used in the product structure has been revised.

OLD

UYUP056000 STRETCH FRAME CORNER

NEW

UYUP055500 STRETCH FRAME CORNER

The plastic clips have been revised. Please see the images above for the updated design.

This update ensures a more practical and secure assembly process while improving the overall durability and usability of the Stretch Frame system.

Although corner set is included in the standard product package, it can also be ordered separately as a spare part as well. The new item code for corner set assembly is UYUP055500, which includes the black corner, plastic clip and metal spring as a set of 10 pcs. Please see image "NEW". This new corner set is compatible with existing aluminium tubes of frame. Important notice, the previous item code UYUP056000 for spare corner set is no longer available for order. Please see image "OLD".

As a key partner, MT Displays invites you to take note of the following information to ensure continuity of Stretch Frame products in use.

MT Displays improvement revision Schedule includes the following Milestones:	Dates
Release specification announcement letter	01.04.2026
Coordinate with distributors for pending orders	Ongoing
Release new technical specifications	April, 2026

Steps of Revision:

The new Stretch Frame Corner component with clip structure has been integrated into the product design. This revision simplifies the assembly process and enhances product stability. The updated component is fully compatible with existing Stretch Frame systems.

BOM Changes:

Product trees of Stretch Frame systems have been revised accordingly. The former component is no longer in use and has been replaced by the new one in all relevant product configurations.

For detailed product information, please refer to the updated product page: <https://mtdisplays.com/product/stretch-frame/>

MATERIAL: Silver anodised aluminium			WEIGHT	PACKING SIZE
ARTICLE	EXTERNAL (w×h)	POSTER	WITH PACKING	(W × H × D)
UPSCN0004	310 x 397 mm	210 x 297 mm	7.56 kg	290 x 430 x 320 mm
UPSCN000A3	397 x 520 mm	297 x 420 mm	0.265 kg	420 x 700 x 220 mm
UPSCN000A2	520 x 694 mm	420 x 594 mm	0.340 kg	420 x 870 x 220 mm
UPSCN000A1	694 x 941 mm	594 x 841 mm	0.432 kg	420 x 1110 x 220 mm
UPSCN000B2	600 x 800 mm	500 x 700 mm	0.380 kg	420 x 970 x 220 mm
UPSCN000B1	800 x 1100 mm	700 x 1000 mm	0.510 kg	420 x 1260 x 220 mm

*W: Width × H: Height × D: Depth

Distributor Participation:

MT Displays will implement this change automatically in all new productions. Updated components will be applied to all pending and future orders.

We kindly ask you to inform your purchasing and sales teams about this revision. Please ensure that old and new components are not mixed in stock to avoid any inconsistencies.

For further details, please contact your Account Manager at MT Displays.
