PHYSICAL DATA

Material

77,8 mm x 29,5 mm aluminium profile pole, powder coated stainless steel tablet case and base.

Compatible Tablets

Suitable for iPad (5-6-7-8-9), iPad Pro (Gen 1-2-3-4-5), iPad Air (1-2-3-4), Samsung Galaxy Tab (A-A7-S6) and most 9.7"-10.1" tablets, with rotatable positioning for both portrait and landscape orientations.

Surface Finish

Black powder-coated tablet case and base. Natural silver-anodized aluminium pole. Various RAL colors available with antimicrobial powder coating, call for custom color requests.

Cleaning and Disinfecting

Clean your displays, with damp microfiber clothes, rinsed with simply water or warm, soapy or gentle shampooed water. Avoid using vinegar, abrasive, acidic, alcohol-based or heavy cleaners or cleaners containing Ammonia. Only after cleaning the product, if needed, simply apply disinfectant or sanitizer that is in compliance with your local guidelines and regulations.

Warranty

All products are guaranteed for 2 years by MT Displays with below conditions:

[Warranty Conditions](#)

Installation Considerations

Universal Novel Tablet Kiosk is packed unassembled in a sturdy box for safe transportation. One set includes a 227 mm x 340 mm x 23 mm lockable tablet case with a rotatable mounting system, 2 keys for locking the case, 4 M6x25 bolts, and 1 Allen key (No. 5) for installation; 6 plastic fixing bracket options compatible with different tablet models; a pole with internal USB cable routing for a cleaner appearance (cable not included); and a 358 mm x 358 mm stable base suitable for public environments. Place the tablet into the case on a level surface. Place the tablet template to the carrier. Secure the template by tightening the screws in a criss-cross progression, first to an interim tension, and then to the full required torque. Then place the tablet case on the support. When the nut on the back of the case is loose, the tablet can be positioned in either portrait or landscape orientation. Anti-skid pads inside tablet case prevent scratches of tablet. Total height of the system is 1116 mm in landscape position and 1138 mm in portrait position. Optional accessories available such as cable lock kits and adapters for enhanced security and functionality. USB Cable is not included in original package.

Design Considerations

Universal Novel Tablet Kiosk designed for secure and versatile tablet display in INDOOR applications. Compatible with most 9.7"-11" tablets, with rotatable positioning for both portrait and landscape orientations. Anti-theft: locking mechanism with keys. Lockable tablet case covers the home button to prevent unauthorized access while allowing smooth interaction. The fixing brackets and tablet case allow camera access depending on the tablet model.

Hazardous Substances

M&T Displays prioritizes compliance with the REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) and RoHS (Restriction of Hazardous Substances) directives to protect both the environment and human health. We ensure that our products do not contain substances listed under REACH and adhere to strict RoHS limits for hazardous materials. Our manufacturing process ensures that lead, mercury, cadmium, and other restricted substances remain within the permitted thresholds, guaranteeing safe and sustainable products for our customers.

Storage Conditions

Goods should be stored at 0° to 25°C in a dry place. Store in the original package.

Recycled Content

Up to 78% recycled content used.
